RELIEF WORK STOPPED WHEN FUNDS PLAY OUT

COUNTY CUTS OFF ALL WORK CALLS FOR AID

Government Men Here To Find Out Condition Of County

RESOLUTION PASSED

Citizens Ask Relief Commission for Former Agreement

A complete shut-down in relief work in Randall county became effective this week when the funds of the local Relief Office were exhausted, and the Commissioners Court announced that it must cease the program which it had been carrying forward upon the demand of the State Administrator.

All work was discontinued this week, and no more food orders will be given until more funds are received.

The Commissioners' Court passed a resolution Monday calling upon the State Relief Commission for additional funds in order to take care of the relief cases which exist in Randall county. The county has been doing everything in its power to carry on the work which has not been provided for by the state commission, but must turn back to the state all of the relief cases which has been imposed upon it.

The following resolution was passed by the Court: "On account of the non-collection of taxes and heavy expenditures for charity in the past few months, the county will be absolutely unable to carry on the relief work in the future as in the past. The county has spent much of its resources in the past which are now exhausted. We respectfully represent to the State Relief Commission that people will suffer if more relief funds are not furnished Randall county at an early date."

The state administrator has urged during the past week that the various counties must take care of all the cases possible.

John F. Wenstrand and Ernest E. Knappe, representatives of the Department of Commerce, are here making a thorough investigation of the drouth situation and the needs of Randall county.

A meeting was held Tuesday afternoon. (Continued on last page)

Seed Loan Time Is Extended Until September 15

The period for making seed loans has been extended by the government to September 15th, according to information given out by the district supervisor of this territory. The continued drouth in this section is given as the reason for making the extension.

No official notice of extension has been given out by the Agricultural Department, but applications are being accepted by the local office subject to the information given out here last week.

The government granted the first extension on July 15th, hoping that rains would fall so that the farmers could plan their wheat crop before the 15th of August.

No Cattle Are Bought in County During Week

The cattle buying program which was shut down on Wednesday of last week has not been started in Randall county.

A telegram was received yesterday by County Administrator H. S. Strain stating that full instructions were being mailed as to the future plans of buying.

Commencement to be Held Next Thursday

Tech Dean Will Talk To Graduating Class At W. T.

The summer session of W. T. will come to a close on next Thursday, Aug. 23. The attendance this summer has been the largest in several years, and the work has been highly satisfactory in every respect. The fall session of W. T. will open on September 18.

Dr. H. M. Gordon, Dean of Texas Technological College, has accepted the invitation extended by Dr. J. A. Hill and the summer class of '34, to deliver the commencement address. The exercises will be held Thursday morning, August 23, at 10:00 o'clock in the auditorium of the Administration Building.

Dr. Gordon has occupied the position of Dean of the College at Texas Tech since its first establishment. He came to Tech from a college in Oklahoma after having graduated earlier from Trinity. Since becoming Dean of one of North and West Texas' biggest schools, Dr. Gordon has made many friends and won a far-reaching name for himself in the field of education.

The Class which he will address on the morning of August 23rd is the largest summer class ever to graduate from the West Texas State Teachers College. Numbering 111 in all, the class is divided, with twenty-four receiving the degree of Bachelor of Arts and eighty-seven that of Bachelor of Science.

Since the summer does not permit of the complete commencement schedule, including Class Day, Baccalaureate, etc., a cordial invitation is extended to all parents and friends to witness the conferring of degrees.

The class has been ably led in an active summer of work and (Continued on last page)

Allred Makes a Statement Favoring W. T. Monday

Attorney General James V. Allred spoke at Amarillo Monday night in the interest of his campaign for election to the office of Governor of Texas.

Mr. Allred made a statement regarding education which was gratefully received by the people of Canyon, and the many friends of W. T. scattered over the Plains territory. He promised adequate support for the educational system, first from the standpoint of the common schools, and second, for the institutions of higher learning.

"I am opposed to the creation of additional institutions of higher learning or their expansion during present conditions, but am likewise opposed to their reduction or impairing their usefulness to the people of Texas," stated Mr. Allred. "This includes the West Texas State Teachers College at Canyon, and the Texas Tech at Lubbock, both of whom I look upon as being among the best colleges in the State," continued Mr. Allred.

Mr. Allred had announced last Thursday that he would speak in Canyon Monday morning, but was forced to change his plans, making speeches at Lubbock, Plainview and Amarillo Monday, and then continuing south to Wichita Falls Tuesday morning.

Mr. Allred used most of his time Monday night in discussing his opponent, Tom Hunter, rather than presenting his own campaign. A large number of Canyon people listened to his talk over the radio. Judge H. E. Hoover of Canadian introduced Mr. Allred in one of his characteristic speeches.

For Attorney General

WILLIAM McCRAW
F. M. Bralley, Jr., of Amarillo, was here Saturday in the interest of William McCraw, candidate for Attorney General.

William McCraw has led a colorful life. At 17 years he was a red-headed "printer's devil" who studied eagerly from a law book between the errands he ran for printing presses. Twenty years later he had become one of the state's most successful lawyers and a candidate for Attorney General. "Bill McCraw was once a newsboy, calling his papers on the downtown streets; as a young man, he was a World War machine gun lieutenant in France."

McCraw was born in Arlington, Texas. His parents moved to Dallas when he was a small child; his education was secured in the public schools. Studying after school and at nights while a printing pressman's apprentice, McCraw passed the State bar examination in 1915, and at 19 years of age became one of the youngest lawyers ever to practice in Texas.

In 1926, McCraw was first elected District Attorney of Dallas County, and by successive re-elections became (Continued on last page)

MEN NABBED QUESTIONED IN MURDER CASE

Taken to Shamrock Today by Sheriff Barnett

PLEAD IGNORANCE

One Man Said to Have Formerly Served Term

Two men and a woman were nabbed yesterday on the highway by Patrolman Shorty McCormick and Chief of Police Frank Hicks while they were speeding through the city. A charge of reckless driving was filed, but latter in the development of their story, the men are held in connection with the mystery murder at Shamrock on Tuesday afternoon. The woman is the wife of one of the men, a bride of only a few weeks. She is not being held in the case.

A pistol and extra set of auto plates were found in the car which is the property of one of the pair. The men stoutly deny being in the vicinity of Shamrock when the murder was committed Tuesday. A farmer witnessed the murder at a distance of about 200 yards, and will look at the men this morning when Sheriff Bob Barnett takes them to the murder scene.

The murdered man had not been identified last night. One of the men is said to have served time in the penitentiary.

The officers here are joined by Amarillo and Shamrock officials in questioning the pair in regard to their whereabouts during the past few days.

LAST ABSENTEE VOTE AUG. 22
The last day that absentee votes can be cast is August 22. All who plan to be out of town for the second primary, August 25, are urged by the County Clerk to cast their ballots before August 22.

Children Driving Cars in Canyon Cause Danger

Children who are allowed to drive cars have become a serious menace in Canyon according to complaint made by many citizens.

Several children have narrowly escaped accidents during the past few weeks while driving cars unaccompanied by their parents.

There is no age limit set by law for those who may operate cars in Texas, although many attempts have been made to pass a law fixing the age of 16 years.

On account of the danger involved, children less than 16 years should not be allowed to operate cars on the streets.

H. D. Encampment Held at Harding's Ranch, Aug. 9-10

Members of the Home Demonstration and 4-H Clubs of Randall County, and their families, held their third annual encampment, August 9th and 10th, at Harding's Ranch. 500 enjoyed the hiking, swimming, and program of the outing; many remained overnight.

In the stunts following the picnic supper given on the first night of the encampment, Wayside won first place; Park, second, and Lakeside, third. Clubs in charge of stunts were: Wayside, Edgetown, Lakeside, and Park, as well as the Lakeside 4-H Club. Judges of the stunts were: Carl Fuqua, of Highview; E. W. Sheaffer, of Fairview; E. J. Bauer, of Johnson; Miss Mary Sitten, Fayette County Agent; Miss Ruby Mashburn, District Agent; and Mrs. Dyroa Crowder, supervisor of the Amarillo Canning Plant. Between stunts musicians of Canyon entertained the audience.

Mrs. E. J. Terry is visiting in the home of her son, A. E. Terry.

Spend Two Days Looking Over Plant, Making Plans

Future development of the Panhandle-Plains Historical Society museum and study of the physical educational and recreational program of W. T. were major considerations of the State Board of Teachers College Regents at their meeting here Friday and Saturday.

The PWA projects of the colleges have been receiving careful attention of J. E. Hill, Amarillo member of the Regents Board, for many months, and news from Washington that these projects will probably be approved within a few days speeded up the local plans for the swimming pool and recreational hall which are to be added to the Canyon college campus.

The Board of Regents met with the board of directors of the Panhandle - Plains Historical Society and Judge H. E. Hoover, president of the Society, Professor L. F. Sheffy, secretary of the Society, and Floyd V. Studer, curator of archaeology and paleontology were leaders in presenting the great resources of Northwest Texas in the building of what may become a world-famous museum. The entire Board of Regents carefully inspected the museum and gave their (Continued on last page)

Panhandle Rally for Tom Hunter Will Be Held Tuesday Night

What leaders of the Hunter campaign forces have described as "an overwhelming wave of sentiment for Tom F. Hunter," has been sweeping the past week.

"This same trend of support is coming to Mr. Hunter and his candidacy from all sections of Texas," Fred M. Seale, zone manager of the Hunter campaign in the Panhandle, said yesterday.

"Despite rumors, misrepresentations and misleading statements issued against Mr. Hunter, his support is growing daily. There have been repeated charges made which attempt to show that Mr. Hunter favors a general sales tax, regardless of his assertions in every speech he makes, declaring himself strongly against the general sales tax. Mr. Hunter has on every occasion presented proof that he fought the creation of such a tax when the legislature was in session last year."

Speaking at Tyler Monday night, Hunter, in no uncertain language answered charges brought against him by the opposition that he had made a "trade" with James E. Ferguson in order to secure Ferguson's support. Ferguson last week announced that he would vote for Mr. Hunter.

"I am on my own as a candidate for governor of Texas," Hunter declared. "I have made no trade with Jim Ferguson or anyone else. In my opening speech at Hillsboro I told the people of Texas that I would invite the support of every faction and that it was my hope to bring together in aid of a program for the common people all the groups involved in this race. I got results. That is why Jimmie Allred is mad at me."

"If Jim Ferguson or any other man has or should undertake to align me, then that man in that regard stands repudiated."

A rally in the interest of Hunter's campaign will be held in Amarillo, Tuesday night, August 21, it was announced here today. Judge John C. Kay of Wichita Falls, will be the principal speaker at the rally being sponsored by the Panhandle supporters of Mr. Hunter's candidacy.

Mrs. Wilford Taylor and sons, Wilford, Jr., Jack, and Lindsey, returned Aug. 7 from Chicago where they had attended the World's Fair.

LOCAL, STATE AND DISTRICT MEN TO SPEAK

Buffalo Band Invited To Play Concert At 7:15

SPEAKING AT 8:15

Only General Political Rally Before August Primary

The political gathering before the second primary will be held Saturday night at 8:15 o'clock on the court house lawn. All candidates have been invited to either be present at this meeting, or have a representative present to discuss the issues in the campaign. The political gathering will be held Saturday night under the auspices of The Canyon News, as were the two meetings held before the first primary.

Owing to the fact that there will be a run-off in only five races for state offices, one race for a district office, and one race for a county office, there will be sufficient time for an adequate discussion of the issues of the campaign.

The two candidates for County and District Clerk will be given the first opportunity to speak. They will be followed by the candidates for District Judge. After these the candidates for state offices will be heard, with the representatives of the two candidates for Governor closing the program.

The voters are urged to be present at this meeting Saturday night, which will be held on the court house lawn. Clyde Warwick will preside and introduce the speakers.

The Buffalo Band has been invited to play a concert at 7:15 and continue for one hour before the speaking. C. E. Strain, director, stated this morning that the band would play if a sufficient number of the members could be in town for the engagement.

More Indictments Are Returned By The Grand Jury

Little business has been transacted in district court this week, with no jury cases being tried.

The grand jury returned three more indictments, and will meet again Friday to conclude the work of the term.

Gus Miller and Carl Whittig were indicted upon liquor charges.

Suspended sentences of five years each were given Melvin Eastwood and Palmer Thomas, and three years for Neil Louder on burglary charges. The car theft charge against the three was not tried at this term.

In the case of Maggie L. Irvin vs. F. D. Weatherly, judgment was rendered for the plaintiff.

The petit jury will report again this morning as several cases are set for trial.

A MIGHTY NARROW VIEW

The Dallas News seldom takes issues in a state campaign, excepting to fight the Fergusons. Now that all but one of the Ferguson entries have been eliminated, The News brands others for whom Jim Ferguson has expressed a choice. It so happens that we are opposed to two of the three men that the Dallas News condemns, but in only one instance for the same reason that the Dallas News expresses—merely because Jim Ferguson approves them.

In a cartoon and editorial Monday, the Dallas News condemns Tom Hunter, John Pundt, and Hal S. Lattimore, for no other reason than the fact that Jim Ferguson has announced for them. This is simply petty prejudice expressed in a most unworthy manner on the part of a great newspaper like the Dallas News.

The people of Texas expect Jim Ferguson to make a choice in candidates. No family in Texas has been honored by the voters to such an extent as has the Fergusons. Like it or not, any man and his wife who can induce the voters to select both of them for two terms each as Governor have some influence with the people, and the people naturally expect them to express a choice.

John Pundt is the only Ferguson man in the second primary. We are opposed to him because he was mixed up with the Ferguson deal which was exposed in the last session of the legislature. Neither Pundt or his opponent, Lon A. Smith, is well qualified for the office of Railroad Commissioner, but one of them will have to be elected.

So far as H. S. Lattimore is concerned, we consider his opponent, John Sharp, as a very able lawyer, and are supporting him on that ground. If Jim Ferguson had announced in favor of Sharp, we would not have been narrow enough to oppose him.

In the Governor's race, The Dallas News opposes Tom Hunter because Jim Ferguson announced in his favor, after C. C. McDonald, the Ferguson man, was defeated. No indication is given by the Dallas News that Tom Hunter is a less capable or qualified man for the job than his opponent. No charge is made that he had traded out, or is less honest than his opponent, but simply because Jim Ferguson, expressed his opinion, the Dallas News takes the opposite side of the fence.

Even Jim Ferguson has been known to do some mighty good things during his public life, and advocated some mighty high class men and women for public office. He could not be wrong 100% of the time and still command the following which he has been able to do throughout all these years.

The Lockney Beacon regrets that in the campaign for Governor real issues are forgotten and that the candidates stoop to the method of smearing each other with mud, each thereby hoping that he may discredit the other with the people. The Beacon, like thousands of other good citizens deprecates this situation. Yet, a majority of the people like it. One candidate in the last primary attempted to run a race, not even referring to any of his opponents. Other candidates have attempted it, but invariably are in the "also ran" class. This situation is probably a test of the intelligence of the Democratic form of government, nevertheless, the people seem to like it. Half truths as well as bare faced lies fly so fast during these political campaigns that for the sane, clear thinking person all candidates badly discredit themselves. The real issues are hidden by a lot of misstatement of facts; bitter charges on inconsequential matters obliterate the merits of the issues which the candidates are trying to hide from the voters; excess amounts of money are spent in attempting to discredit all of the good that any candidate may have done, or attempted to do. It would be a fine thing to clear up our political campaigns, but it will probably never be done.

The dairymen of the Panhandle are up against a real proposition. The finest dairy herds on the Plains are in Randall county. The herds were culled out when the government started the buying program. Milk prices did not advance in keeping with the advance in feed prices. Finally the situa-

tion arrives that no matter how high milk prices may be, the dairymen cannot afford to hold on to their cows as there is no feed in sight at any price. To sell off the dairy stock of Randall county, as will be the case unless rain falls soon, means that this section will receive a severe set-back for many years to come. The situation is the most serious ever confronted by Randall county citizens.

Eight proposed constitutional amendments which will be submitted to the voters in the November election are printed in this issue of the News. The voters should read these amendments carefully in order that they cast an intelligent vote in November. Time was in Texas that the voters rejected all proposed constitutional amendments. Of recent years all amendments have been accepted. The voters should inform themselves as to whether or not they approve the amendments submitted at the present time. The News will have more to say about the amendments later, but urges that the people read them now.

President Roosevelt's plan to plant a belt of trees from Canada to the Panhandle will meet the hearty approval of citizens in the middle west. For a long while, the nation has been cutting its trees without effort to replace them. This is especially true of the mountainous regions, where acres of trees are felled daily in order to supply the paper for newspapers. Foresters have been telling the nation that we were short sighted in not replacing these trees. Of course it is going to take a lot of money. But the recovery program is not to be compared with the 30 billions sent to Europe during the war, which will never come back.

Various schemes are being tried over the Panhandle in order that the trees may be kept alive. One town offers water for irrigation purposes at 5 cents per thousand; another has offered free of charge 200 gallons per month per tree for those who will irrigate their trees. To allow the trees to die would be a great misfortune. Many people in Canyon are putting down wells of their own in order to save on their water bill. The city has made an extra 10% reduction in water rate, but even this rate makes it impossible for citizens to irrigate as they should during this excessive dry period.

Had the second primary been held last Saturday, Tom Hunter would have won by 200,000 votes. The Alfred forces know they have a real job on their hands to swing back the tide which swept in favor of Hunter. Every art known to Texas politics will be used for the purpose of inducing the voters to change their minds before August 25th.

Texas broke all records in casting more than a million votes in the first primary election this year. The government of a state improves as the people take an interest in it. However, Texas could poll approximately a half million more votes if all those who should vote would only take the time to do so.

Funny folk live in this world. The people of Texas have been crying out year after year that they need a new constitution. Things you may not know ~ about your telephone

In 1876 Alexander Graham Bell finally perfected his telephone. The first voice heard over wires was Bell's when he called through his instrument to his assistant, Thomas Watson, "Mr. Watson, come here, I want you."

Almost unnoticed at the great Centennial Exposition in Philadelphia, Bell realized his problem was but half solved. He had his telephone, but how was he to convince people they could send their voice over thin metal wires?

Bell wisely left that problem to his father-in-law, Gardiner G. Hubbard. Hubbard and a group of friends hit upon the idea of licensing other companies to use Bell's patents. In exchange, they accepted stock in these companies.

FOR YOU . . . Good Service at Fair Cost

THUS was laid the groundwork for the American Telephone and Telegraph Company of today . . . the parent organization of the 24 regional operating companies, of which the Southwestern Company is one.

Over more than 50 years of operation, the fundamental policy of the Bell group, as guided by this parent organization, has been to give good telephone service at a fair cost.

This policy has been adopted because we feel that, from your standpoint as much as from our own, it is sound and workable. It is based upon the belief that in an undertaking planned like the telephone service for the long pull, what is best for the telephone user becomes in the end the policy that will bring us the sounder, more enduring success.

Blue Eagle Eyes Fabulous Movie Salaries; Actors Quail

A SUDDEN reversal of NRA form has brought fear and trembling to Hollywood. The Blue Eagle, which has been soaring about the land seeing what wages it might increase, has apparently decided to "crack down" on movie salaries.

Movie actors are casting sour glances at their press agents, whose thirst for publicity has long invited this boomerang. For years, Hollywood publicity men have dined into the public mind the princely pay received by their actor-employers.

And now a report by the deputy administrator of the movie code suggests that the ratio between salary budget and gross receipts in the movie business is far too high, intoning that something is going to be done about it.

No names were mentioned in the report, but it is generally assumed that gargantuan pay envelopes, dwarfing even that of President Roosevelt, go to these stars:

Greta Garbo, Norma Shearer, Wallace Beery, Will Rogers, John Barrymore, Constance Bennett, Richard Barthelmess, Ann Harding, William Powell, Joan Crawford, Janet Gaynor, Edward G. Robinson, James Cagney, Clark Gable, George Arliss, Marlene Dietrich, Frederick March, Katharine Hepburn, Eddie Cantor, Warner Baxter, Richard Dix, Ronald Colman, Dolores Del Rio, Clive Brook, Wheeler and Woolsey, Helen Hayes, Claudette Colbert, Joe E. Brown, Elissa Landi, Irene Dunne, Ruth Chatterton, Ramon Novarro, Edmund Lowe, Bing Crosby, and Sylvia Sydney.

Although a handful of these topnotch film notables command magnificent salaries, actors' wages on an average don't begin to compare with those of directors or movie executives. Thus, on an average, actors got \$2298 last year, while directors averaged \$20,315; and executives the lion's share of \$53,000.

One year, for instance, the late Irving Thalberg, a famous producer, is said to have earned \$900,000.

In defense of this unusual wage scale, Hollywood points out that:

An actor's career is meteoric. One picture is all that is necessary to land him in the light and the money. Another, a

Some film notables whose weekly pay runs up into the thousands, and who have reason to feel anxious over NRA action on movie salaries, are pictured above. At right is Constance Bennett; top left, Greta Garbo; center, left to right, Producer Irving Thalberg and John Barrymore; and, bottom left, Norma Shearer Mrs. Thalberg.

haps but a few months later, may skid him back into obscurity.

It's only fair, Hollywood contends, that he be paid well during his brief spell of popularity. After all, one of these fabulous salaries spread over an actor's lifetime isn't a great deal.

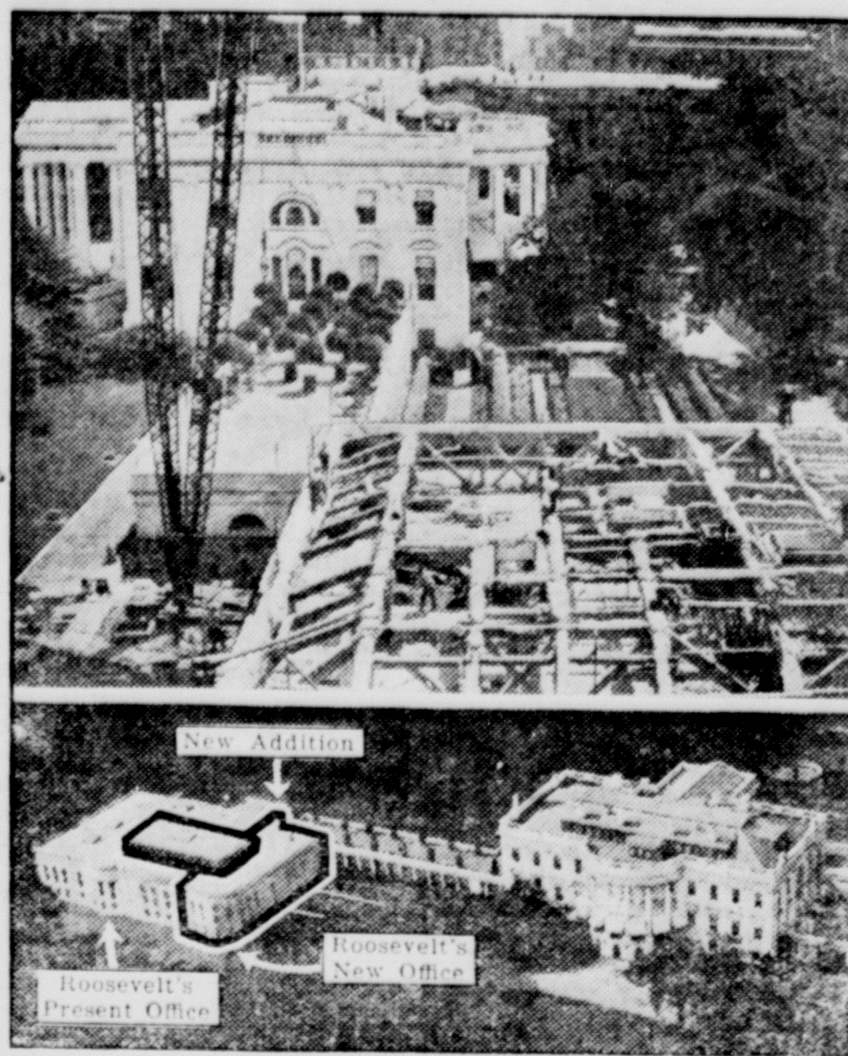

And even during his brief career, a star's wage is not all it seems, one producer claims. When his agent, publicity man, lawyer, secretary, personal manager and Uncle Sam, not to mention the landlord, servants, etc.,

get their "cut" of his income, the actor's wallet takes on an anemic look.

Finally, to clinch its point, Hollywood points to the law of supply and demand. If talented thespians were available by the bunches, there would be no salary problem for NRA to tackle.

But they're not plentiful. And when a movie company learns that a prize has strolled into its pasture, fat bales of green banknotes must be furnished to keep away envious rival producers.

FDR to Get More Elbow Room

Even though the executive offices of the White House in Washington have been enlarged three times since 1900, there is still not enough working space there. Accordingly, a new addition, indicated below, is being built. This will be an extension along nearly the entire east side of the office building, with a second story added. Construction, pictured above, has already started.

Charlie Odom filled the pulpit in Bro. Holloway's place, as it was impossible for Bro. Holloway to be with us.

Rev. Charlie Odom was called as pastor of the Fairview Baptist church for the coming year.

Mr. Trusty, of this community, died Sunday morning. He was the father of Mrs. E. N. Zachry. Our sympathy goes out to the bereaved ones.

Word was received here Sunday that Archie Brawner, who went to Fort Worth a few weeks ago to spend the winter with an aunt, was operated on Friday for appendicitis. Word was received later that he was resting very well. Argel, his brother, left Tuesday morning to be with him until he is out of danger.

Dinner guests in the Earl Wesley home Sunday were Othell Wesley, Martha Sutton, Hazel Cox, Kathleen Hannah, Oriene James, Leona and Geraldine Sharps, Annie Washburn, and Argel Brawner, Frank Rogers, Elvin Wesley, Woodrow Wesley, Mrs. C. M. Rogers, Mr. and Mrs. A. M. Glenn and family.

Dinner guests in the E. M. Wilson home Sunday were Mr. and Mrs. J. W. Wesley and Arlen Ray, Luther Fronabarger, Juanita and Freddie Dunlap, and Lola Mae Carr.

The singing school will close Friday night, but we will feel we have already made a great deal of progress. It has been voted that we continue the school another five days, but it has not been decided yet.

Remember the Plateau Singing Convention. Be sure and come and bring "that well filled lunch basket." Everyone is cordially invited. The singing will be held at the church grounds under a tent, so don't be afraid you can't hear the singing, for we assure you there will be plenty of room.

J. M. Patterson and family were in Amarillo on business Saturday. Chas. Sutton was in Canyon on business Monday.

Othell and Elvin Wesley were in Friona, Hereford, Bovina, and Happy Thursday. They visited a few hours in the B. F. Abbott home in Bovina.

A party at Hazel Cox's Saturday night was enjoyed by the young people of this community.

Charlie Sutton and family were in Amarillo on business Saturday. Erma Sutton visited her sister Mrs. Albert Legate of Wayside the past week end.

Elvin Wesley preached at Sunny Hill Sunday. He filled the pulpit for Charlie Odom.

Be sure and come to the singing convention Sunday.

Museum Highly Praised By New York Visitors

Men in, Museum Work Pronounce It Best They Have Seen

The museum of the Panhandle-Plains Historical Society located here, was pronounced the best small museum they had seen, by John C. Blick and C. H. Falkenbach of the Museum of Natural History of New York City. "We visit museums all over the country and I know whereof I speak," said one of the visitors to Professor L. F. Sheffy, secretary of the Historical Society. Said the other, "Your museum building is one of the most beautiful I have seen. Your display is not crowded and it is well arranged."

After inspecting the document room, the archaeological and paleontological displays, the Indian and pioneer relics, the ranch models, and hundreds of other things of interest, Dr. Blick said, "You have made much more progress than I had any idea could be made in a year. I have seen many museums get a good start and quit, but this one keeps going. You have possibilities here and I expect to see much greater improvement in the future."

Dr. Blick and Dr. Falkenbach are touring the Southwest in the interest of the New York Museum of Natural History.

SHOWER GIVEN FOR BRIDE ELECT

On Monday afternoon, August 13th, at 4:30 p. m., Mrs. Elizabeth Fry Page entertained with a miscellaneous shower for Miss Bernice Bessire, who became the bride of Jordan Miller on Wednesday afternoon.

The affair, which was a complete surprise to the honoree, was delightful in every particular. The Little House was decorated with garden flowers and vines, the prevailing colors being pink and green. The hostess was assisted in receiving by Bishop and Mrs. Seaman, of Amarillo, Rev and Mrs. W. H. Bessire, parents of the honoree, and Miss Eleanor Miller, sister of Mr. Miller.

An enjoyable musical program was furnished by Miss Elizabeth Faulkner, vocalist, and Miss Louise Jacobsen, pianist, a special number being a wedding song, "How I Love Thee," with lyrics by Mrs. Page, and musical setting by Mrs. Lawrence, of Tennessee, sung for the first time in Canyon. Dr. Angie Debo, a special guest, contributed a clever story.

After the program, Bernard Bessire, dressed as a grocery boy, in the usual white apron, rang the bell, and delivered two large baskets and several bundles, placing them before the honoree, with the request that she look them over, and see if they were what she ordered, promising to take back anything that she did not want. A profusion of handsome and appropriate gifts of great variety were revealed, and there proved to be nothing to send back.

After the gifts were inspected and admired, Miss Elizabeth Faulkner conducted a contest called "A Kitchen Quiz," the answer to each quiz being the name of some article of kitchen furniture. Mrs. Bessire won the prize.

Refreshments of rose-colored punch, wafers, mints and salted pecans were served, the hostess being assisted in the serving by Misses Mildred and Lorene Bessire and Theresa and Kathryn Robinson.

During the social hour many good wishes and felicitations were expressed for the young couple by the thirty guests present.

C. R. Burrow made a business trip to Perryton Monday.

SHOWER GIVEN FOR MRS. RALPH CABE

Mrs. Terry Mayben, Mrs. Guy Alford and Mrs. Ruby Murphy, entertained last Tuesday evening at the home of Mrs. Terry Mayben on West 3rd Street, honoring Mrs. Ralph Cabe.

As the wedding march was being played, the little bride, Shirley Ann Newberry, and little groom, Griffin Mayben, marched in with a little wagon laden with gifts and presented to the bride.

After the gifts were opened, bridge was played until a late hour.

Those present enjoying the delicious refreshments of sandwiches, punch and vanilla wafers were: Mesdames, Ralph Cabe, H. W. Cabe, Otto White, J. A. Cheatham, Claude Moore, Ray Lackey, Tyson Cox, Wayne Porter, Cecil Newberry, Misses Vera and Vada Koger, Patsy Van Dyke, Mable Rusk, Gertrude Rusk, Evelyn Boyce and Mesdames Guy Alford, Terry Mayben and Ruby Murphy.

LAS SENORAS NUEVAS WEDNESDAY, AUG. 8

Mrs. Hud Prichard was hostess to members of the Las Senoras Nuevas Club, Wednesday, Aug. 8, at her home, 910 6th Ave.

The house was beautifully decorated with roses, golden glow, and zinnias, and refreshments consisted of punch throughout the afternoon, and a delicious ice course at the refreshment period.

Members present were, Mesdames Owen Williams, Claude Moore, Mitchell Jones, Harry Wood, Joe Black, Carl Scott, George Nance, Jim Rose, J. Madison Daugherty, Hubert Hartman, R. E. Ball, Levi Cole, Winfield Miller, A. B. Brown, Andy Walsh, and C. Wedgeworth, of Snyder.

WALLFLOWERS ENTERTAINED WEDNESDAY AFTERNOON

Misses Frances Alice Clark and Frances Holman were joint hostesses to the Wallflowers at the home of Miss Holman, Wednesday, August 8.

Bridge and delightful refreshments were enjoyed by Misses Dorothy Faye Rusk, Ruth Greenfield, Madelyn Bull, Virginia Murday, Pattie Whittenberg, Melva Gamewell, Betty Sternberg, Ethel Brasuel, Ruth Smith, Virginia Leigh Bull, Virginia Jarrett, and Mary Martin.

SHOWER HONORS DR. DEBO

Thirty-five guests besides the hostesses gathered at the home of Mrs. T. B. McCarter Monday evening for a farewell party and miscellaneous shower to show their relation of friendship for Miss Angie Debo while she has been in Canyon. Hostesses for the occasion were Mrs. McCarter, Misses Mary E. Hudspeth, Miltia Hill, Jean Moore, Mary Moss Richardson, Ruth Lowe, and Mattie Swayne.

Miss Debo received many lovely and useful gifts. The mode of presentation was quite unique. Attention of the guests was caught by the sound of tom-toms. Mrs. Tommie Montfort entered, dressed as an Indian squaw. On her back she carried an Indian cradle in which were concealed the tokens of friendship brought by the guests. A short presentation speech was made in which were woven quotations in Indian dialect from Dr. Debo's "History of the Choctaw Nation."

Dr. Debo is leaving at the close of school and will not return to W. T. She is planning to devote about a year to the writing of a new book. A part of the time will be spent in Muskogee and Norman, Oklahoma, and in all probability in the Indian Office in Washington.

An iced course was served to thirty-five guests. Out-of-town guests were Misses Gladys Davis and Katherine Metcalf of Amarillo, and Jean Day of Plainview.

CANYON LODGE ENTERTAINS HEREFORD

The Canyon Rebekah lodge entertained a group of Hereford visitors, composed of the following: Mrs. Edna Bowe, Mrs. Ola Womble, Mrs. Bessie Fincher, Mrs. Lura West, Mrs. R. W. McCullough, Mrs. H. V. Williamson, Mrs. Vera Young, Mrs. Verna Sowell, Mrs. Leah Stewart, Mrs. Virgie Walls, Misses Lucile and Edah Park, Mr. and Mrs. E. E. Fridley and daughter, Ursalee.

An entertainment program was given by Mrs. Mary Weeks, Mrs. Margaret Cole, Miss Columbia Redfern, Mrs. Pinkie McBride, Mrs. Lucy Brown, and Miss Jacobsen.

At the conclusion of the evening's work, refreshments of chicken salad, potato chips, pickles, iced tea and cake were served.

BESSIRE-MILLER NUPTIALS WEDNESDAY AFTERNOON

Miss Bernice M. Bessire, daughter of Rev. and Mrs. W. H. Bessire, and Jordan A. Miller, son of Mr. and Mrs. James M. Miller, of Hollene, New Mexico, were united in a beautiful double ring ceremony at the home of the bride's parents, 1910 7th Avenue, Wednesday afternoon at three o'clock.

The bride was lovely in a white hand embroidered organdie and carried a pink and white bouquet of carnations and gladiolas.

The ceremony was performed by the bride's father; Lohengrin's wedding march was played by Mrs. Elizabeth Fry Page. Coy Palmer acted as best man, and the bride's sister, Mildred, was bridesmaid.

After a brief honeymoon trip to Cimmaron Canyon the couple will be at home in Hollene, New Mexico, where they both plan to teach school this fall.

Guests present were: Rev. and Mrs. Bessire, Mildred, Lorene, Bernard, and Margaret Jean Bessire; Mr. and Mrs. Miller, Miss Eleanor Miller, Mr. and Mrs. Wayne Tate, Coy Palmer, J. M. Miller, Jr., Mrs. Elizabeth Fry Page, and Miss Marian L. Norrington.

The bride left in an attractive navy blue going-away dress with white accessories.

FRIDAY AFTERNOON CLUB HAVE BREAKFAST

Members of the Friday Afternoon Club and their guests were entertained with a delightful breakfast at the home of Mrs. Clarence Thompson, August 10.

Members present were, Mesdames M. S. Bishir, Bill Black, Guy Harp, J. W. Kleinschmidt, Tom Knighton, R. A. Neblett, Travis Shaw, Bill Smith, and Clyde Warwick.

Guests were Mesdames G. A. Farlow, Ray Campbell, Joe Black, Burt Newlin, J. J. Walker, W. C. Kunze, Lee Foster, and E. L. Henderson of Greenville, N. C.

Mr. Trusty resided for fifteen years northeast of Happy, and is survived by two daughters, Mrs. E. N. Zachry, of Happy, and Mrs. B. A. Pirte, of Deval, Okla.; two sons, F. W. Trusty of Foster, Okla., and T. F. Trusty of Virginia, Calif.; a brother, J. H. Trusty, of Portland, Oregon; and a sister, Mrs. M. C. Habis, of Byor, Texas.

Mr. and Mrs. W. Grever, of Spearman, visited Mrs. Grever's mother, Mrs. Edna Moore, Sunday.

Agricultural Work of Administration Discussed Tuesday

Walter Upchurch, County Agent, discussed the Agricultural Adjustment Administration at the Rotary luncheon Tuesday. Mr. Upchurch is chairman of the Rural Urban Acquaintance Committee.

The speaker pointed out the bigness and importance of the question involved by the AAA. An attempt at farm control was started in the last administration with the Farm Board which dealt alone in surpluses, and was not a success.

The present administration aims at control with little or no attempt at storage. It is likely that in future developments an attempt will be made along both lines.

The great handicap in the control program is the independence of the people, and the destructive methods employed by this nation. The only great shortage today is in hay and forage crops, neither of which are included in the reduction program. The war caused a great expansion of wheat growing, together with improvements in power machinery. Millions of acres formerly devoted to feed for horses and mules, were released for wheat. Before the war the trade balance was against this country, and Europe bought our exportable surplus, France and Germany using about 120 million bushels of grain annually. Last year they bought only 7 to 8 million bushels, while only about 26 million bushels went to the Orient.

For Randall county, the agricultural program has brought about \$690,000. The normal agricultural yield amounts to from 4 to 5 million dollars. This amount of money has made it possible for many farmers to stay who otherwise could not have continued to hold their farms. The cattle program is the only direct method of relief. The rest of the program is paying its own way. The wheat program has more than paid its own way.

The drought upset the plans of AAA more than was contemplated. Announcement was made of the Fisk Singers who will appear at the College auditorium tonight at 8:15 o'clock. The admission will be 50 cents.

Visitors present were: John F. Wenstrand of Lincoln, Nebr., Ernest E. Knap of Gilead, Nebr.; I. H. Davies, J. D. Thompson, Jr., Frank Storm, J. Horace Griggs, of Amarillo; Harvey A. Poorbaugh, of Roswell, N. M.

WOODUL, FRIEND OF WEST TEXAS, SAYS NEWSPAPER

Editorial in The Abilene Morning News, August 3, 1934.

"When the Small river-bed bill—a measure vital to the interests of West Texas land owners and home owners—was up for consideration in the senate, one of its staunchest supporters and most eloquent advocates was Walter Woodul of Houston, while one of its bitterest opponents was Joe Moore of Greenville.

"Today Senator Woodul and Senator Moore find themselves in the runoff for Lieutenant Governor of Texas, with Woodul 112,000 votes ahead of his nearest rival. Nothing but a miracle would enable Senator Moore to overcome a lead like that, and the sensible thing for him to do would be to refuse to enter the run-off.

"Senator Woodul is not a sectional candidate; he carried probably 60 per cent of the counties of the state, receiving a magnificent vote in West Texas as well as in other sections. But West Texas should remember that Walter Woodul has long been their friend, not only in the matter of the river-bed bill, but in many other instances. In a time of crisis West Texas found Woodul on its side, Moore against it.

"Walter Woodul is a solid, substantial, able and dependable Texan. He should be given an overwhelming majority on August 25. His home people of Harris County gave him a two-to-one majority over all his opponents in the first primary."

Old Time Punchers To Hold 13th Annual Meet Aug. 23

The Thirteenth Annual Old Time Cow Punchers Round-Up will be held at the Wragge Park next Thursday, August 23rd.

Tickets at \$1.00 may be secured from E. D. Baird in Canyon or John Arnot in Amarillo.

"Every person who punched cattle or worked on a ranch on or before December 31, 1895, his wife and children, and their wives or husbands, or the widow of a deceased member, are eligible to enrollment," states the notice sent out by Mr. Arnot, President of the Association. "The management has decided to have a barbecue this year. If any of the good ladies see fit to bring a cake or pie this contribution will not be denied. If you have any tin cups, bring them," added Mr. Arnot.

Mr. Baird is vice president of the association, and Miss Laura V. Hamner is secretary.

"We hope that all who wish to attend will buy their tickets in advance, so that we may know how many to prepare for at this barbecue," stated Mr. Arnot.

The annual Round-Up is one of the most enjoyable events for the old time cow punchers. Scores come a great distance annually to enjoy the programs, which are always very interesting. The park will be opened Wednesday night so that those who wish to come and camp may do so.

Mrs. E. L. Henderson and child—renof Greenville, N. C., are visiting Mrs. Henderson's sister, Mrs. Clarence Thompson.

Mrs. Bert Brewer of Dalhart is visiting her daughter, Mrs. Lee Foster.

Hollywood Lends Ear to Nation-Wide Clamor for Cleaner Movies

SWEEEPING public criticism, an organized drive against filth in films, and dwindling box office receipts have awakened Hollywood producers to the necessity of cleaning up the movies.

Film executives have until now paid little serious attention to protests on the kind of pictures they've been putting out. The reply to such complaints has usually been a shrug and the statement, "We're giving the public what it wants."

However, religious organizations, unified and aided by the public, have begun to apply pressure to make producers change that attitude.

Pictures that glorify murderous, mob-beating gangsters, that make light of the married relation and harp on the unmarried-mother theme must go, the crusaders have decreed. And too-sexy films of the Mae West variety likewise must be tabooed.

MOVIE executives have always contended that a certain amount of "spice" is necessary to the success of a modern movie. Questioning that contention is the fact that clean pictures like "Hell Divers," "The House of Rothschild," "Wings," "Little Women," "Daddy Long Legs," "The Champ," and others have been packing people into the theaters.

There have been other picture successes, too, such as "It Happened One Night," in which compromising situations were handled with so delicate a touch, and so intelligently, that they aroused scarcely a single objection.

But a good portion of Hollywood's output has become so ultra-sophisticated, and vulgar, critics believe, that incalculable harm is being done to present-day manners and morals, especially in the case of children.

THE neighborhood theater manager is hardly to blame for all the pictures he presents. His pictures are booked in "blocks," which means that he has to take them all as they come along, whether he likes them or not. If he had more freedom of choice, he would be better able to make his shows conform to likes and

The success of certain clean, intelligently directed pictures has demonstrated that ultra-sophistication or rowdiness isn't necessary to the popularity of a film. Scenes from recent movie successes of a wholesome type are shown above.

dislikes of his particular audience.

Even though this is impossible under present conditions, the public may expect higher type movies. With assurances coming out of Hollywood that pictures are being cleaned up rapidly and effectively, it appears that the avalanche of criticism which has been pouring into the California movie capital is having its effect.

Electrically driven boats, lined with pneumatic bumpers, supplied a lot of fun at France's annual Vincennes Fair. In a huge, portable water tank, amateur boatmen drove these tiny craft about, trying to jodge or hit each other.

Dr. Harris Cook Named for Curriculum Advisory

Dr. Harris M. Cook, of the educational department of the West Texas State Teachers College, has been appointed curriculum advisor for Texas District No. 1, which includes 22 counties of the Panhandle of Texas.

This appointment was received from the State Department of Education at Austin and W. A. Stigler, Director of Curriculum and Text Books.

Dr. Cook's duties will include making lectures at curriculum study meetings throughout the district, arranging itineraries for other speakers, organizing the district into sections or counties for the study of curriculum, and the appointment of chairman to have charge of curriculum study groups. Dr. Cook attended the State Curriculum Study meeting which was recently held in Austin. It is contemplated that the curriculum of the public schools will be considerably changed after the study now under way has been continued for a number of years.

Thirty-Seven Men Chosen By Moore For College Farm

Professor T. M. Moore, supervisor of the College Farm, has announced the names of 37 of the 40 young men who will be employed and live on the T-Anchor College Farm during the coming school year which opens September 18th.

Men to be eligible for places on the farm must have resources of at least \$150 to take care of their college fees and their share in the co-operative living expenses.

The 37 men, according to Professor Moore, were chosen from scores of applicants. Each man was chosen after a careful investigation of his character and reputation, his high school or college grades, and his ability to do some of the work necessary in connection with the dairy and farm activities which support the T-Anchor undertaking.

The young men chosen are, W. T. Falls of Ira; Kline Nall and Bertrand Frizzell of Lockney; George Smith and Dean Storey of Hereford; Emory Sweat and Lowell Fuller of Cuthbert; Bernie Davis and James A. Steed of Childress; J. R. Bertrand of White Deer; John Blaine and Ralph McClure of Claude; Woodrow Toome of Tulla; Milton Todd and Edwin Todd of Brice; James Gouddy of Wildorado; Gardner Sander-son of Paducah; Wayman Gordon of Sudan; George Caviness of Causey, N. Wolflin Meets Local Golfers Here Sunday

Canyon Country Club Golf team will meet the Wolflin, Amarillo Club, Sunday on the local course.

The last time these two teams came together, Wolflin gave the locals a good drubbing; Sunday's tournament, therefore, promises to show plenty of fight on the part of the Canyon team. The Club urges their team members to be out en masse because the Amarillo club is coming down 25 or 30 strong.

Last Sunday's tournament with Borger failed to materialize because of the illness of many of the Borger team members.

TRAINING CAMP SCHEDULED TO BEGIN SEPT. 3rd

About Forty Men Here
To Scramble For
Positions

LIGHT DRILLS

Team To Be Led By Big
John Walker of
Spearman

Coaches Baggett and Cox will sound the whistle for fall training for the Buffaloes September the third, and it is expected that some forty candidates will be on hand to receive their uniforms. There will be two workouts daily for two weeks, then with the opening of school there will be but one afternoon work out. Coach Cox has been holding light drills for the boys in summer school each afternoon, and it is believed that the remainder of the boys will be in fair condition to start right in for a tough schedule.

Training camp will be held on the practice field behind Burton Gymnasium and the public is invited to witness some real labor. Plans have not been completed as yet for a training table. The boys must be fed to stand up to the grind.

led by Captain John Walker of Spearman, there will be six lettermen and numerous squadmen and transfers eligible to wear the maroon and white. A scramble for positions is in order and it will take many days of hard work to separate the men from the boys.

Paul Runyan May Not Be Babe Ruth of the Links, but He Does Know How to Cop Tournaments

BY PHILIP MARTIN

FREQUENTLY there appears among sportdom's champion one whose unorthodox form sets him apart from his competitors. Baseball has its Al Simmons; boxing had its Harry Greb; and now in the golfing firmament, twinkles a new star with an odd technique.

His name is Paul Runyan. A product of Dixie, and recent winner of the Professional Golfers Association title, Paul is unusual among his contemporaries in that his drives carry much less distance than those of other pros.

What Runyan loses in distance, he makes up in accuracy. It was this trait which brought him the PGA gonfalon. For instance, during the tournament, he sliced a full brassie shot into a trap about 80 yards short of the green. With a bunker to carry, he pitched the ball within eight feet of the cup. Then, on the next stroke, he sank the pellet. Craig Wood, his opponent, missed a 15-foot putt.

With 10 victories since the beginning of last winter, Runyan is turning out to be the most consistent tournament winner of the day. At the same time, he's proving that to be a champ golfer, you don't necessarily have to be able to drive balls into neighboring counties.

Show Interest In
Side Trips

Dr. J. A. Hill and Floyd V. Studer, archaeologist of Amarillo, conducted the members of the Board of Regents through the Panhandle-Plains Historical Museum Saturday afternoon. The group spent about two hours in the building, inspecting, commenting upon, and discussing the many rare gems set there as milestones of this country's progress.

Judge H. E. Hoover, President of the Historical Society, made a talk at the museum, emphasizing the importance of the work of the society and future possibilities in this field. Mr. Stuart Johnston, newly-elected professor of archaeology in W. T., also spoke, on "How Materials are Prepared and Restored for Display in Museums."

member of the Board of Regents, showed great interest and admiration of the fine collection; Mr. and Mrs. Kokernot and Dr. J. G. Ulmer also were impressed with the work that had been done.

Special enthusiasm was shown over the latest Indian collection which is now deposited in the Studer Room and soon to be put on exhibit. The group commented at length on the beauty of the building, both inside and out, several voicing the opinion that it had no equal for its size in the State of Texas.

Those present who were also members of the Panhandle Plains Historical Society Directors were Mr. Horace M. Russell of Amarillo, Judge H. E. Hoover of Canadian, Colonel R. P. Smyth of Plainview, James D. Hamlin of Farwell, and Dr. J. A. Hill.

Later, part of the group, including President McConnell of N. T. S. T. C., J. G. Ulmer and son, Mr. and Mrs. Kokernot and daughter, Mary Ann, Mr. D. A. Shirley, H. C. Pipkin, archaeologist of Amarillo, and Mr. L. F. Sheffy, were conducted by Messrs. Studer and Johnston, and Pipkin to the fields now under excavation. They discussed the excavating processes and gave a demonstration of it. They pointed out the different floors of the old, apparently pre-historical buildings, showing their construction, floor plans, and rooms. The general location of the village itself is on a high hill overlooking a small stream, and is reported to be very beautiful.

All the visitors voiced enthusiasm over their visit. Dr. McConnell said he "would like to stay a week." Mr. and Mrs. Kokernot were especially interested because of indications of similar prehistoric remains on their ranch near Alpine, and they wish to learn how excavation is carried on. Mr. Studer's enthusiasm and knowledge of his work were highly commended by the group.

Friday afternoon was given to a trip by the group to the Palo Duro Canyons. The guests seemed greatly impressed by the scenic beauties of the canyons and the projects under way there.

came the only man to serve three terms in that office. During his public service he established a notable record as a civil lawyer and as a vigorous prosecutor. He gained national recognition by his able defense of his county in civil cases and the recovery of large sums of money from bonding companies following the famous county audit of 1931-32. After completion of his third term as District Attorney, McCraw retired to enter the private practice of civil law.

As District Attorney, McCraw secured more 99-year sentences against criminals than any District Attorney in the United States. McCraw served three terms as president of the District and County Attorneys' Association and was active in forming the association's legislative program for dealing speedily punishment to criminals. He has always been a Democrat, voting the ticket straight, and is known as a liberal in his party. He is married and lives in a modest home near Dallas.—Dallas Times Herald.

Relief Work

(Continued from first page)
Monsoon with members of the County Relief Board for the purpose of going over the work that has been done in the county, and needs of the people. These investigators will spend several days here in this work.

At the meeting of the State Relief Commission Monday at Austin, representatives from the Panhandle urged that the State Commission make the formal request to Harry Hopkins to carry out the Kansas City agreement of several weeks ago when he agreed to put into effect the president's order of last September giving to the drought affected territory of North-west Texas \$8,900,000 for road purposes. No part of this money has ever been requested by the State Commission.

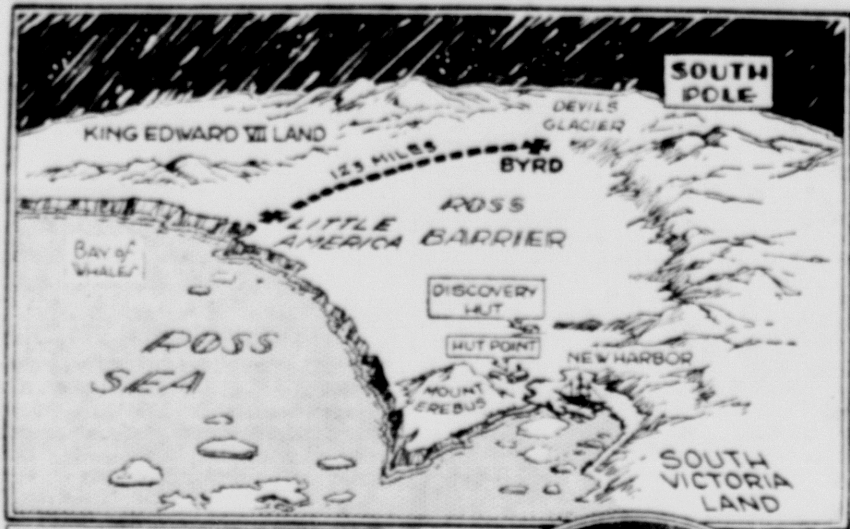

An account of this meeting Monday in Austin as carried in the Amarillo News did not carry Randall, Deaf Smith and Armstrong counties, but these were all included in the original set-up as authorized by the President and agreed upon at Kansas City.

With the severity of the drought increasing, local authorities are making every effort to increase the amount of money to be made available for the county.

The legislature will meet on August 27th for the purpose of passing more of the bread bonds, and it is likely that a number of changes will be made in the present law in order to give relief to the needy instead of carrying on such an expensive organization as Austin.

Mr. Wenstrand and Mr. Knappe are engaged with a number of crews in making a survey of the Dry Lands Hard Winter Wheat Area, extending from the Dakotas to Texas. Four counties are being

An artist's conception of the Arctic scene in which three men, braving fierce blizzards and treacherous crevasses, set out from Little America, with tractor and sledges, for the third time, to bring aid to Rear Admiral Richard E. Byrd, left, is sketched above. Heavy snows, burying direction tags, balked the first expedition, launched after word had been received from Admiral Byrd, isolated in a hut on the Ross Barrier, that his regular wireless set had gone out of condition, and that he had a "bad arm." surveyed in the Panhandle which are typical of the section. Randall was chosen as one of the four by the government. B. F. Coen of Colorado is in charge of the work in Colorado, Kansas, Oklahoma, Texas and New Mexico. He was here Monday and will return by Friday to spend several days in the investigation. Members of the local Relief Committee, local citizens, County Agent W. H. Upchurch and others are being interviewed. A brief of conditions in the Panhandle as compiled by Wilbur C. Hawk of Amarillo will be made a part of their report.

A complete report for the wheat belt must be in Washington by September 15th, and it is believed that the government will make definite recommendations for future work by the first of October.

Mr. and Mrs. Alfred Bellah and family are spending the week at Wichita Falls.

Regents

(Continued from first page)
approval to the projects which are under way. Professor C. Stuart Johnston, recently elected to the department of archaeology and paleontology which the Regents have created, was presented to both governing boards.

Judge J. D. Hamlin of Farwell, president of the West Texas Chamber of Commerce and member of the Historical Society board of directors, outlined the relations which exist between the College, the Historical Society, and the West Texas Chamber of Commerce.

At a public meeting in the auditorium Saturday morning visitors from every section of the Panhandle were present. J. E. Hill of Amarillo welcomed those who had come to the meeting. Carl Hinton, secretary of the Amarillo Chamber of Commerce, was presented in Canyon for the first time. Others

introduced were J. H. Cox, Jr., president of the Canyon Chamber of Commerce, W. H. Stroud, president of the Canyon Independent School District board, Horace M. Russell and Wilbur C. Hawk of Amarillo, Judge H. E. Hoover of Canadian, Floyd V. Studer of Amarillo, and Colonel R. P. Smyth of Plainview. Members of the Board of Regents were introduced and Dr. J. G. Ulmer of Tyler was spokesman for them. He declared that the State Teachers College at Canyon is the greatest asset of Northwest Texas and that the climate of this region should make it one of the best and largest schools of the country. He closed with a short inspirational address.

All presidents of the State Teachers Colleges were introduced to the audience and H. W. Morelock of Alpine, represented them in a short talk in which he declared that perpetual thoughtfulness is the price of social security and that educated people are responsible for the leadership and redemption of the world.

After business sessions Friday afternoon, visitors from other parts of the state were conducted to interesting archaeological sites with Floyd C. Studer explaining the things seen.

Much to the delight of West Texas College people, the projects submitted by President Hill for this institution were officially approved by the board. Outstanding among these is the extensive physical education project which Coach Baggett and Dr. Hill have been developing in their minds for some months, and which promises to be a great step forward in the building up of that important phase of college training.

The improvements as a whole passed by the board for W. T. include repair of the swimming pool, replacement of the top of the settling tank to insure purity of the water, interior repairs in the Education Building, painting the outside of nearly all buildings, a new second floor for the Administration Building, development of playground facilities for the Demonstration School, and development of recreational facilities, including a recreation hall for boys, with lounging, reading, and indoor game facilities, a boys dormitory to house about forty men, and the enlargement of Cousins Hall.

The recreational hall will be built of native stone and, with the use of FERA labor, the first two units can be erected at a cost of \$3,750 or less.

The boys' dormitory will also be of native stone, and will constitute a part of the recreation field which will be provided by one of the PWA grants and will constitute a source of revenue to athletics without any cost to the State.

The total cost of the improvements to be made will be about \$165,000. The work will not be begun at once, but will be done as means permit.

At the meeting of the Council of Teachers College Presidents Thursday, problems of common interest to the teachers colleges such as the split semester plan, fees, federal relief, and application of the PWA grants were considered.

The split semester plan will be adopted in all teachers colleges next year. It was decided that fees shall remain the same, and approval of the projects to be undertaken under the PWA work is expected to be obtained from Washington within the next week or so.

Friday, after breakfast in Amarillo, the Board of Regents and the Council met here to consider problems of the various colleges and to approve work similar to that planned for the W. T. campus. Friday afternoon the visitors went to Palo Duro Canyon and wound up the day with a picnic on President Hill's lawn.

The first item on Saturday's program was breakfast at Randall Hall, where Miss Miltia Hill explained the work of the organization and its management as a co-operative home for girls. Randall Hall is unique because it is the only institution of its kind among the teachers colleges in Texas. Great interest was shown in the operation of the hall and questions were asked concerning the cost of operation, selection of girls, and scholastic standing.

Following breakfast, a special chapel program was given. All the visitors were introduced and several interesting and educational talks were made.

Following lunch at Cousins Hall, the Board of Regents, the Council of Teachers College Presidents, and the Board of Directors of the Panhandle-Plains Historical Society met in the museum building to discuss the work of the Society and its problems. After the meeting part of the visitors went with Mr. Floyd V. Studer of Amarillo to visit the archaeological ruins now being excavated in the north Panhandle.

Regents in attendance at the meeting were A. B. Mayhew, president, Uvalde; Thomas H. Ball, Houston; J. E. Hill, Amarillo; J. L. Kokernot, Jr., Alpine; J. G. Ulmer, Tyler; and Mrs. J. K. Beretta, San Antonio.

Presidents attending the meeting were H. W. Morelock, Alpine; S. H. Whitley, Commerce; H. F. Es-

EPISCOPAL CHURCH

By special request, Rev. Warwick Aiken will repeat his lecture on "The Fulfilled Prophecies of the Bible," at this church next Sunday night, August 19th, at eight o'clock.

This lecture is beautifully illustrated with stereopticon pictures, showing in a marvelous way the startling accurate fulfillment of many of the Scriptural predictions. It is especially interesting to students of the Bible, and everyone is cordially invited to be present.

This will be the last service at this church until after the holidays.
